ELIN S. HEXSPOOR

Product Manager

elin.hexspoor@gmail.com | Oslo, Norway | LinkedIn | Website

Product Manager with experience across software and e-commerce, combining behavioral analytics, product strategy, and GTM execution to lead international teams from discovery to launch and build intuitive digital products and strategic partnerships.

Software Product Manager

2023 - 2026

Institut Greenie | greenie.si

PM of a civic-engagement app and platform motivating GTM segment into volunteering, petitions and donations. Took it zero-to-launch. Owned research, strategy, and delivery, built the team across countries, secured product partnerships.

- Product manager for end-to-end creation of a civic engagement (B2B + B2C) app + web portal. Help2Go is a two-sided platform connecting GTM target segments with civic engagement opportunities, and giving nonprofits the tools to recruit and onboard them smoothly. Gamified, cross-platform.
- Responsible for product development, product strategy, requirements, user research, usability testing, directing product-related partners and alignment with the law. Focus on end-user and sophisticated personas.
- Hired and led a lovely international team across Software Development, UI/UX, Research, Graphic Design.
- Directed product partnerships (Mediana, Greenpeace, Red Cross), enabled sales and marketing.
- Led international product discovery with focus groups, survey, client interviews, field feedback, 25+ nationalities.
- Executed statistical analysis with tailored advanced models.
- Owned legal requirements for the social company and product across the nonprofit and volunteering sector.
- Managed fundraising and secured ~100.000€ in the form of awards, public funding, and investments.

Key Skills: Jira, Claude & Figma Prototyping, Cross Functional Collaboration, Usability Testing, Data Analytics, Speaker, Fundraising
Awards: Social Impact Award • POPRI • Rector's Award • Launchpad IH • One Digital Award Hungary
Accelerators: Impact Hub Ljubljana, PONI, Startup Incubator Savinjska, LUI, SIA Slovenia
Talks: TedX, Toastmaster Ljubljana, University of Novo Mesto, Falling Walls Lab Austria
Earlier publications and awards may appear under former name Nina Planinšek

E-commerce Product Manager

2021 - 2023

Intermax d.o.o. (e-commerce) | intermax.si

Owned the e-commerce experience and growth, managing requirements and delivery with an external development partner, and using analytics and market insights to recommend and/or execute product and GTM initiatives.

- Owned and shipped e-commerce product improvements with an external development partner, covering requirements and delivery across storefront, UX, checkout, cart, product pages, and site performance.
- Built the analytics stack (GA, Semrush, Meta Pixel) and used funnel analysis and KPIs to identify friction, prioritize improvements, and guide product decisions. Owned full SEO execution.
- Led consumer, and competitive research to inform product, merchandising, positioning, and growth priorities.
- Led GTM launches for several product bundles, coordinating across development, marketing, and sales.
- Applied behavioral insights and customer-journey data to improve conversion and cross-sell opportunities, including lifecycle email automation and product-bundle optimization ahead of forecasted demand.

User & Behavioral Researcher

2024

University of Ljubljana (contractual)

Analysis of United Nations climate change communications with released recommendations.

- Co-led a cross-functional international research team to acquire and analyse physiological and quantitative data.
